## DUMMERSTON.

### Honored the Soldiers' Memory.

The large number of persons who attended Memorial day services here fully attested that the interest in honoring the memory of the dead soldiers, and respect for those who are still with us, has not grown less. Those who listened to Rev. Henry Lamb, as he delivered his excellent address, have a desire to hear him again at no distant day. The Mt. Hermon quartet won praise for their fine singing. The school children were well represented in their part of the program. The Col. W. H. Greenwood post and Relief corps of Putney, with friends, made impressive the service at the cemetery to which place the procession, headed by the Brattleboro drum corps, wended its way from Grange hall, where the exercises took place.

Year by year the ranks of the veterans grow smaller and there are more floral tributes for those who sleep in God's Acre. This year a growing plant was left on the graves instead of the basket of flowers as in former years.

The pre-Memorial day exercises of the schools were carried out according to program. A. V. Cox of Brattleboro, a veteran of the Civil war, spoke interestingly. Much interest was shown by parents and people of the school districts.

## Softening Light for Invalid.

When any one is ill electric light in the room, if very strong, will tend to hurt the eyes and probably induce headache and cause a rise of temperature. A little bag made of green silk, large enough to slip easily right over the light, shade and all, can be fitted on and will look dainty and pretty. Run a drawstring in so as to tie it on quickly, otherwise the patient will object to the fuss.

## It Happened in School.

The story is told of a teacher who recited to her pupils "The Landing of the Pilgrims," after which she requested each pupil to try to draw from the description a picture of the Plymouth Rock. One little fellow raised his hand and asked: "Please, teacher, do you want us to draw a hen or a rooster?"

# MOTHER SO POORLY

**Could Hardly Care for Children — Finds Health in Lydia E. Pinkham's Vegetable Compound.**

Bovina Center, N. Y. — "For six years I have not had as good health as I have now. I was very young when my first baby was born and my health was very bad after that. I was not regular and I had pains in my back and was so poorly that I could hardly take care of my two children. I doctored with several doctors but got no better. They told me there was no help without an operation. I have used Lydia E. Pinkham's Vegetable Compound and it has helped me wonderfully. I do most of my own work now and take care of my children. I recommend your remedies to all suffering women."

Mrs. WILLARD A. GRAHAM, Care of ELDSWORTH TUTTLE, Bovina Center, N. Y.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and today holds the record of being the most successful remedy we know for women's ills. If you need such a medicine why don't you try it?

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

A small band of gypsies came to town Tuesday morning. One woman canvassed the town thoroughly for victims to have their fortune told, but only one man was found who would indulge in the game.

Reed, G. N. Kidder, E. F. Howard, O. L. Leach, Clarence Buffum, W. A. Barber. The club plans a run to some outside point June 16.

### Highways Being Improved.

Main street in East Northfield is almost impassable, now the state road is in process of construction. A cement bridge is being put in to replace the iron bridge at Mill brook. The ledge in front of the Walter Brigham house is being blasted to widen and straighten the road at this point. Last week several blasts exploded at once, breaking a large number of windows in the houses near. The state road from Revell hall to the Hinsdale line is now completed and is a vast improvement over the former road. Peckham hill and Sand hill both have been lowered several feet and the road between the two hills built up, making an easy grade.

Mr. and Mrs. Delvan Pierson are at their summer home here.

Mr. and Mrs. William Sampson went Memorial day to Orange and returned Monday.

Colonel Hopkins and two daughters were at the Northfield hotel Monday and Tuesday.

The culvert near Ernest Notchman's in West Northfield has been rebuilt and the road is now passable.

Several of the trustees of the Mooly schools will be here.

Many enjoyed the organ recital in the auditorium Monday evening, through the courtesy of Joseph A. Skinner of Holyoke. The program was rendered by Prof. William C. Hammond of Holyoke, organist of Mount Holyoke college. Perhaps of the excellent program presented more enjoyed the two selections "Trot d' Cavalier" by Rubinstein and "The Storm Fantasia" by Lemeux.

Children's day was observed at the Congregational church Sunday. The children occupied the body of the church and the sermon by Rev. Mr. Smith was especially for them. He used various articles to illustrate his talk, which made it very interesting.

Several parents brought their children for baptism or consecration. These were Mr. and Mrs. Arthur Bolton, Mr. and Mrs. Lester Polhemus, Mr. and Mrs. Waldo Stebbins, Mr. and Mrs. Charles Johnson, Dr. and Mrs. George T. Thompson. In the evening Rev. Mr. Smith gave an excellent talk illustrated with stereoscopic views on Little Children in Far Away Lands.

Had Her Instructions. Mrs. Subbs (to neighbor's child) — "Oh, this is the dozen of fresh eggs I asked your mother to send over. How much are they now, Mary?" The child — "Pleasure, it's 40 cents. But mother says if you grumble, it's 22."

How Spent. "Contrary to general opinion, the scouring of money is not a very difficult task, if one is willing to work. The real importance of finances for a man or woman, for a boy or girl, is what is done with the money after it is earned." — J. J. Hill.

FACTORS IN SUCCESS. The man who would succeed must be efficient. He should have a good constitution, a determination to make good, the quality called stick-to-itiveness, character and an aptitude for his work. Opportunities are as good today as they were when Grant, Lincoln, Rockefeller, Hill, Harriman, Edison and Huntington, all poor boys, began to make names for themselves. — John J. Mitchell.

### Wrestling Matches Well Attended.

The wrestling match, catch-as-catch-can, and dance at town hall last week Tuesday evening for the benefit of the B. B. club was well attended and a good sum was realized. The contestants were Raymond Hall of Worcester, Mass., Edward Vail of Ludlow, Rupert Green of Ludlow, champion of Windsor county, and Delbert Stone of this town. The two bouts between Hall and Vail were short, Hall securing a fall in each. The two exhibition contests of 15 minutes each between Green and Stone were very interesting although as expected Green won a fall in the last bout. The most exciting event was between Hall and Green for one fall, which was won by Green in about five minutes. Lawyer Pierce was referee, and he gave an exhibition of club swinging which was good. It is expected that Hall and Green will wrestle again one week from Friday night at the town hall for a purse of \$25.
